# Cap Grinder

**RMC-70 Cap Grinder**

*Dedicated to serving your engine rebuilding equipment needs.*

# RMC Cap Grinders are ... ... versatile ... more affordable

**RMC Cap Grinders** are rugged and hardworking machines designed to substantially reduce resurfacing time and labor costs. These heavy duty cap grinders have been proven effective time after time in rebuilding facilities all across the United States to grind connecting rods caps and main bearing caps.

Available in either 220 volt single or three phase, the **RMC-70** will deliver years of dependable and productive cap grinding service to any size shop for a variety of both gas and diesel engines.
